OPTICAL · FRAME & LENS ORDER, VERIFICATION AND DISPENSE

Optical Dispensing Order

Order, measurement, lab tracking, quality check and pricing in one record. Patient signs to accept the order and policies.

Completed by: Optician / dispenser | Use as: Form (internal + patient signature) | Time: 10 min

01 Patient & prescription

Patient name | Date of birth | Phone | Order date

Rx source: ○ In-house exam ○ Outside prescription — verified

Rx date | Prescriber

Rx & measurements	Sphere	Cylinder	Axis	Prism / base	Add	Distance PD	Near PD	Seg / fitting height	OC height
OD									
OS									

Vertex distance (mm) | Pantoscopic tilt (°) | Wrap angle (°) | Reading distance (cm) | Measured with (device)

02 Frame

Brand / supplier | Model | Colour | Eye – bridge – temple

A (mm) | B (mm) | ED (mm) | DBL (mm)

Mounting: ○ Full rim ○ Semi-rimless ○ Rimless / drill

Frame source: ○ Stock ○ Order ○ Patient's own

Patient's own frame: older frames can break during lens fitting. I accept that the practice is not responsible for damage to my own frame.
Patient initials initials

03 Lenses
